1 = Indicates Multiple Certifications

2 = Indicates Optional Certifications that Must be Requested at Time of Purchase

3 = Rubber boot products identified with a "B" following the model number are Berry Amendment compliant.

Presently there is no U.S. manufacturer of steel toes or plates capable of handling any volume of production.

We have quarantined U.S. made steel components for Berry Amendment products. Military customers should order products identified with a "B" in order to be compliant to the Amendment.

SV-100	Level #1 Tracking – Barcode Label	Standard -- No Charge	
SV-200	Level #2 Tracking – CD with Program	\$ 89.76	633-99
SV-300	Level #3 Tracking • Retrofit kit allows departments to barcode existing boot stock (Level #2 program required). • Upon request, will also custom quote an in-department retrofit of existing sock. However, because of travel costs, such an approach is usually only cost effective for large departments. • Boots may be returned to our factory for retrofit barcoding. Call for quote and scheduling.	Call for Quote	633-99
SV-400	Level #4 Tracking Programs to allow other asset category tracking (truck, tools, etc.). Please call to describe your exact needs so we can provide a custom quote.	Call for Quote	633-99
